## ***“Peace of Mind”*** FOR YOU & YOUR FAMILY DURING YOUR STAY!

*We would like to assure you that safety and comfort of our guests, staff and families is of paramount importance to us. Due to the development of Covid-19 we have add extra measures for your peace of mind during your stay:*

- \* We have created a full time “Care Clean Team” dedicated to enhanced cleaning and disinfection of the building.*
- \* We have identified common touch points in the hotel, which are being disinfected by our team hourly – such as, door handles, light switches, keys, menus, banisters etc.*
- \* We have implemented a staff screening point, where temperatures are being monitored prior to entering for work.*
- \* We want to reassure you that we are limiting the number of guests in house at any one time, which will enable us to introduce better spacing between tables.*
- \* We have introduced a “Non-Touch Policy” for our team and encourage it amongst our guests.*

*With great mutual respect and understanding we will get through this challenge. However, we would ask you be equally vigilant and inform us if you feel anyway unwell or have been compromised before arriving to the hotel.*

*We look forward to welcoming you to Kelly's and looking after you during your stay.*

***Bill & Laura Kelly***
